

New Source Review newspaper advertisements for construction permit applications, May 24, 2018. The following public notices have been published in the newspapers listed below each advertisement. These newspaper advertisements for construction permit applications will be or were published on one of the following dates: May 23, 2018, or May 24, 2018. Public notices are generally published every week. The previous publication of public notices was May 17, 2018.

PUBLIC NOTICE

The Tennessee Division of Air Pollution Control (TDAPC) has received requests for construction and/or modification of air contaminant sources as noted below. The proposed construction and/or modification is subject to part 1200-03-09-.01(1)(h) of the Tennessee Air Pollution Control Regulations, which requires a public notification and 30-day public comment period. Interested parties may express their comments and concerns in writing to Mrs. Michelle W. Owenby, Director, Division of Air Pollution Control, William R. Snodgrass Tennessee Tower, 312 Rosa L. Parks Avenue, 15th Floor, Nashville, Tennessee 37243 within thirty (30) days of the date of this notice. Questions concerning a source may be addressed to the assigned Division personnel at the same address or by calling 615-532-0554.

Any individuals with disabilities who wish to participate in these proceedings or to review these filings should contact the Tennessee Department of Environment and Conservation to discuss any auxiliary aids or services needed to facilitate such participation. Such initial contact may be in person, by writing, telephone, or other means, and should be made no less than ten (10) days prior to the hearing, or the date such party intends to review such filings, to allow time to provide such aid or service. Contact the Tennessee Department of Environment and Conservation ADA Coordinator, 2nd Floor, William R. Snodgrass Tennessee Tower, 312 Rosa L. Parks Avenue, Nashville, TN 37243, (866) 253-5827 (toll free) or (615) 532-0200. Hearing impaired callers may use the Tennessee Relay Service (1-800-848-0298).

The applicant is Smithport Cabinetry Partners with a mailing address of 1045 West Broad Street, Smithville, TN 37166. They seek to obtain an air contaminant permit (Division identification number: 21-0045-03/74032) for a Surface Coating Operation located at the same address. This operation would consist of two (2) spray booths and associated equipment used to apply coatings to cabinetry. Exhaust filters would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. E. King is the assigned Division person.

For the Dekalb County "Smithville Review" - publish once on Wednesday, May 23, 2018.

The applicant is Tate & Lyle Ingredients Americas LLC with a mailing address of 198 Blair Bend Drive, Loudon, TN 37774-9499. They seek to obtain an air contaminant permit (Division identification number: 53-0081-72, 73, 74, 75, and 76/ 73999) for the modification of the Propanediol Area for an increase in production capacity of propanediol located at the same address. Additional equipment for filtration, ion exchange, evaporation, and ammonia storage will be installed. There would be physical construction. Regulated air contaminants (volatile organic compounds, particulate matter, and acetaldehyde) emitted by this source will increase. Scrubbers and a regenerative thermal oxidizer will be used for pollution control. Mr. John Trimmer is the assigned Division person.

For the Loudon County "News-Herald" -- publish once on Wednesday, May 23, 2018.

The applicant is Sequatchie Concrete Service, Inc. with a mailing address of P.O. Box 11869, Knoxville, TN 37939. They seek to obtain an air contaminant permit (Division identification number: 54-0283-01/73871) for operation of a Concrete Batch Plant at 3106 Lee Highway, Athens, TN 37303. This existing operation consists of a concrete batch plant, crushed rock stockpiles, sand stockpiles, cement storage silo, weight batcher and associated equipment used to produce concrete. A fabric filter would be used for pollution control. There would be no physical construction. Regulated air contaminants would be emitted by this source. Mr. W. Collins is the assigned Division person.

For the McMinn County "Daily Post-Athenian"-- publish once on Thursday, May 24, 2018.

The applicant is Titan Tire Corporation Of Union City with a mailing address of 2701 Spruce Street, Quincy, IL, 62301. They seek to obtain an air contaminant permit (Division identification number: 66-0012/974036) for construction of one (1) rCB Processing System located at 3260 Goodyear Boulevard, Union City, TN, 38261. Source 106: This proposed operation would consist of material unloading, screener, and refining mill for the processing and packaging of the carbon material from old rubber tire equipment. A dust collector would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted at this facility. Mr. Chris Meek is the assigned Division person.

For the Obion County "Union City Daily Messenger"--publish once on Thursday, May 24, 2018.

The applicant is Sequatchie Concrete Service, Inc. with a mailing address of P.O. Box 11869, Knoxville, TN 37939. They seek to obtain an air contaminant permit (Division identification number: 72-0167-01/73870) for operation of a Concrete Batch Plant at 131 Avent Lane, Dayton, TN 37321. This existing operation consists of a concrete batch plant, crushed rock stockpiles, sand stockpiles, cement storage silo, weight batcher and associated equipment used to produce concrete. A fabric filter would be used for pollution control. There would be no physical construction. Regulated air contaminants would be emitted by this source. Mr. W. Collins is the assigned Division person.

For the Rhea County "Herald-News"-- publish once on Wednesday, May 23, 2018.
